Ideal	*"The scariest thing in any room should be me, professionally speaking."* Twenty years in IT, most of it spent walking into buildings uninvited, will do that to a person.
Bond	No matter how chaotic the engagement, there's a seat saved at home for his wife Jade and whatever slasher movie is queued up next.
Flaw	Will bring homemade horror / gore props into the office "for inspiration," with zero advance warning to anyone

Backstory & Equipment

Backstory

An undead thing that outright loves horror movies is either an oversight or the whole point. Aaron spent two decades climbing from Helpdesk to Director of IT Ops before finding his real calling in physical pentesting, sneaking into places he's not supposed to be, then co-founded Oklahoma's largest hacker conference so other people could learn to do the same, badly, on purpose, for practice.

Equipment

A laptop that transforms into a machete
Light armor
An adventurer's pack
15 gp
