Name	Attack/DC	Damage	Notes
Giant Sword	+5	2d6+3	Signature weapon / tool
Hacking LDAP	At Will	-	Signature move, roleplay / utility
Super Saiyan	DC 13	Varies	Once per session, ultimate ability

Class Features

Second Wind - Once per short rest, catch your breath and recover a burst of hit points.
Signature Move - Hacking LDAP: finds the one exposed LDAP that hands over the keys to the entire domain
Ultimate Ability - Super Saiyan: twenty years of martial arts discipline finally boils over, hair goes gold, calm snaps into overwhelming force, and the fight is over in one exchange

Personality

Trait	In a crisis: Calmly solving the puzzle. Known around the office as Determined.
Ideal	*"Technique beats size every time."* Twenty years of martial arts will teach a very large man that lesson early, and it applies just as well with a keyboard as a giant sword.
Bond	Bound to pay forward what the trenches taught him, one teammate at a time, the same way it was taught to him.
Flaw	Convinced that if he gets angry enough mid-fight, his hair will actually turn gold. We're worried he might be right.

Backstory & Equipment

Backstory

Ben passed his OSCP with zero prior pentesting experience and jumped straight into offensive security anyway, the kind of leap that either ends careers or defines them. These days the same adaptability shows up as a Fighter who improvises constantly, when he's not painting miniatures with more patience than the size of his sword would suggest.

Equipment

A Giant Sword
Heavy armor
A shield
An adventurer's pack
15 gp
